Surfing or Spa Coaching, Paddle in the Sea or Pool)\*

Surfing is the quintessential sport which consists in riding the waves and swell at the edge of the Ocean while standing on a board. This requires an extraordinary amount of balance and coordination, calling on every muscle in your body. You must stay constantly focused to catch and ride whatever the ocean throws at you.

When this sport is on your day's agenda, nothing feels better than to start or end the day with a massage designed to stimulate or relax your muscles, readying you for the next breaking wave.

This massage focuses on your legs, feet, back and especially your shoulders and arms. You will feel your muscles warming up, filling with energy, recovering and repairing after this intense physical effort.

Powerful, deep, the pace and gestures vary during the massage depending on your needs and the desired results.

WRINKLE CORRECTION – FIRMING FACIAL

(Includes one treatment « Abeille Royale Expert Treatment » of 80-min)\*

Initiate your face to the high performance of this expert “lifting” and firming treatment that distils its infinite life source within the skin for a smoother and firmer face. The initial “microdermabrasion” is followed by a special 6-minute massage with warm plant infusions to immediately purify the skin and stimulate the firming action. After an in-depth diagnosis, each wrinkle is targeted with the technical application of Abeille Royale Youth Serum. Born from the exceptional repairing power of bee products, this unique serum with Pure Royale Concentrate promotes the key mechanisms of the healing process within the skin to help repair wrinkles and tissue firmness. To enhance product absorption and efficiency, the face is massaged using the Guerlain method, then entirely steeped in a serum bath under the new Abeille Royale Mask. The result is immediate and visible: wrinkles are filled. The skin is tautened and regains all of its firmness and radiance.
